

## BARCELONA-BASED JUNIOR/INTERMEDIATE LIGHTING DESIGNER

*New projects and developments are helping us strengthen our position in Barcelona. You will be working in close collaboration with our Barcelona team and will be supported remotely by our team in London. You will have opportunities to collaborate with our other offices.*

### *Your skills*

- Between 3 and 5 years of experience in architectural lighting is preferred, but not mandatory.
- You know how to use Photoshop, Illustrator, InDesign, AutoCAD, and MS Office. Competency and passion for 3D programs in particular, Rhino, and 3DS Max. V-ray rendering and Revit knowledge are highly valued.
- Familiar with digital sketching tools such as graphic tablets and sketching softwares (Sketchbook Pro, Adobe Fresco).
- Good standards of written and spoken English and Spanish are essential.
- Self-motivated, have excellent organization and communication skills, and have a 'team-player' attitude.
- Good knowledge in lighting design and associated programs, Dialux EVO preferred.
- Broad architectural lighting work experience is preferred.

### *Our offerings*

- Creative, friendly and international work environment.
- Excellent growth potential.
- Work collaborations with international architects and designers.
- Office in central Barcelona location.
- Additional training in lighting design and technical project aspects available.

### *Your tasks & responsibilities*

- Support the team in lighting calculations with Dialux Evo.
- Support the team to deliver design presentations using Adobe Suite (supporting with sketches, schematic light effects and more realistic renders).
- Produce lighting layouts in AutoCAD (2D)
- Communicate your ideas & work clearly with your team members and estimate your work within the timeframes discussed.

*Compensation according to ability and experience.*

## LICHTVISION DESIGN

*Lichtvision Design is an internationally renowned and award-winning lighting design practice with offices in Berlin, Hong Kong, London and Shanghai. Working in cooperation with architects, investors, and operators since 1997, Lichtvision creates design-orientated lighting solutions which are innovative, sustainable and people centered. We design places people remember.*
