

JUNIOR LIGHTING DESIGNER

We are looking for creative and passionate Junior Lighting Designers to join our Hong Kong team.

What you'll bring to the team

- Ideally 1–2 years of relevant experience in lighting design or a related field
- BA or MA in Lighting Design, Architecture, or a related discipline
- A creative mindset with good design awareness, artistic capability, and the ability to visualize lighting concepts
- Experience in AutoCAD, Adobe Creative Suite (InDesign), MS Office, and Dialux; knowledge of Revit, Rhino, SketchUp & Dialux Evo is a plus
- Self-motivated, well-organized, and a true team player - able to work under tight deadlines, and across different project types and scales
- A good command of written and spoken English, with the ability to communicate effectively with our international design teams

Your responsibilities

- Prepare design presentations, sketches and renderings for design booklets
- Prepare lighting calculations, conduct product and technical research and present findings to the team
- Support the team in producing all elements of lighting documentation: lighting layouts, details, data sheets, specifications, renderings and design booklets
- You should be comfortable managing multiple tasks and project types simultaneously

What we offer

- A creative, friendly, and international work environment
- Excellent career growth potential and the opportunity to contribute to the ongoing development of our Hong Kong and Shanghai studios
- An established global office structure with close inter-office collaboration
- Exciting projects with renowned international architects and designers
- A bright, spacious studio in Sheung Wan with panoramic views and just a 5-minute walk from the MTR
- Flexible working hours and the option to work from home

LICHTVISION DESIGN

Light is omnipresent – it defines space, sets the mood, and adds value.

Lichtvision Design is an internationally renowned and award-winning lighting design practice with studios in Berlin, Hong Kong, London and Shanghai. For over 25 years, our multidisciplinary team of designers, architects, and engineers has redefined how light shapes architecture across interiors, façades, and landscapes. We believe exceptional design emerges from teamwork, creativity and innovation.

Ready to join our energetic team? Show us your passion for lighting and make an impact on our projects.

We'd love to hear from you!
